## PRESS RELEASE

This contemporary collection is a product of Italian craftsmanship, starting entirely from all-hardwood, the craftsmen sculpt Mhono V2 and then char the wood using the Shou Sugi Ban technique. The bench is part of the collectible design language Mhono that has been developed by the Edizione Limitata's art research team in Milan. The idea of monumental woodworking inspired them and the Italian knowledge makes it possible.

## DETAILS

- Every piece has a marked and progressively **numbered metal plate**. Each product of Edizione Limitata Factory is unique and part of a limited edition serie.
- On request, **Edizione limitata offers vizualization service in order to customize the pieces in different materials and dimensions**. The customer will be assisted by the Edizione Limitata's team of designers. Materials samples are available on demand.
- Small variations in finishing and colors - as well as the ones between pieces - are innate and natural, especially for solid wood pieces like Bayou ones. They clearly show the origin of raw materials and the craftsmanship of the process
- **Each material will have a different cost**, for each variation Edizione Limitata will provide a specific quote different from the one in the pictures.
