PRESS RELEASE

Vertigo is a collection of bronze pieces made through the lost wax casting technique. Tortuous movements of the volumes appear as impervious paths, the shapes twist in impossible ways to obtain with other techniques. The green patina is produced by oxidation of the bronze surface.

DETAILS

- Every piece has a marked and progressively **numbered metal plate**. Each product of Edizione Limitata Factory is unique and part of a limited edition serie.

- On request, **Edizione limitata offers vizualization service in order to customize the pieces in different materials and dimensions**. The customer will be assisted by the Edizione Limitata's team of designers. Materials samples are available on demand.

- Small variations in finishing and colors - as well as the ones between pieces - are innate and natural, especially for solid wood pieces like Bayou ones. They clearly show the origin of raw materials and the craftsmanship of the process.

- **Each material will have a different cost**, for each variation Edizione Limitata will provide a specific quote different from the one in the pictures.
